**A Letter to my Penpal**

10<sup>th</sup>March,2016

Dear Sally,

How are you? I am Karen. I am a student at the Island Road Government Primary School. My school has four school activities, like playing the piano, going to the library, have a tutoring group and playing badminton. My favourite activities are going to the library and playing badminton.

I go to the library in the recess time. I also go to the library in the reading lesson. I feel excited when I read a good book. My classmates like reading books too. I like to read books because the stories are interesting

I play badminton in the PE lesson. I play badminton on the playground. I feel happy when I play badminton. My classmates like to play it too. I like to play badminton because it is fun.

I miss you.

Love,

Karen
