Friday 18th October, 20XX

Sunny

It was Sports Day yesterday. I took part in some different events.

First, I joined the long jump. My friend and I joined together. My friend won the event and I got the third prize.

I also participated in the three-legged race with my best friend, Jack. We won the race because we knew each other well.

Finally, I joined the 100m race. I was the fastest in the race so I was the champion.

I felt happy, because I had a lot of fun and I got many prizes. I like Sports Day so much!
