It was Sports Day. I took part in some different events.

First, I played the hula hooping event at a quarter past in the morning.

Then, I played the three legged race with my friend, Amy. It held at nine o'clock.

Next, I joined the 100m race at half past nine. I was the winner in this event.

After that, I joined the beanbag throwing event at a quarter past ten. It was exciting.

Finally, I also took part in the high jump at a quarter to eleven.

I felt excited because I won the 100m race. I got my first gold medal yesterday.
