## A Theme Park

Sunny

25<sup>th</sup> August, 20XX

I went to a theme park with my parents today. We visited the Parrot House because I like parrots very much.

First, we saw a lot of species of parrots. Their feathers were very beautiful and colourful. They were very smart and clever. They could speak and ride a bike. I felt really amazed.

Suddenly, a parrot escaped from the cage. It attacked me. I screamed, 'Help! Help!' Then, a zookeeper put the parrot into the cage.

After that, the zookeeper gave me a toy parrot. I felt very surprised.

Finally, we went home and had a good rest.

It really was an unforgettable experience!
