A Theme Park

Sunny   **25th August, 20XX**

I went to a theme park with my parents today. We visited the Parrot House.

When I entered, I saw many species of parrots. Some of them were singing and some were riding bicycles. I saw a beautiful parrot. I said "Hello! " to it and it said "Hello! " to me. It was very amazing.

I saw a cage open and I went to close it. Suddenly, a parrot escaped and flew to me. I was very scared because I thought that it would attack me.

Finally, the parrot sat on my head. I tried to stretch my arm and it flew down and sat on my arm. I spoke to the parrot and put it inside the cage slowly and closed the door.

It really was an unforgettable experience!
