# A Theme Park

**Sunny**                                     **25th August, 20XX**

I went to a theme park with my parents today. The weather was beautiful, so my parents and I visited the Parrot House. There were a lot of species.

They can speak many languages. It was amazing. They were very beautiful and colorful.

Suddenly, a blue feathered parrot attacked me. I was very scared. A zookeeper was coming, and he caught the parrot. I said 'thank you' and went home.

It really was an unforgettable experience!
