

A Person I Admire

By 6A Ngai Chui Yin

The person I admire is Gloria Tang. She is a popular singer in China. She was born in Shanghai in August 1991.

When she was twenty years old, she has already created a lot of songs and do some charity work. For example, she donated money to help disabled children. She also established a charitable organization 'Smile with us HK' with Laurinda Ho. Her voice and her mature character attract many young people.

I admire her because she has amazing talent and an optimistic personality. I learned hard-working from her that I will work hard in my studying. She was not famous at first, but she created many songs later. She becomes famous now.
