Christmas is in winter, The weather is cold and windy. I like Christmas because I enjoy eating hot pot and getting presents. I can send Christmas cards to my friends too. Three days before Christmas, I decorate the house with my family. On Christmas day, everyone in the family comes home and has a big meal. Then we play and sing Christmas songs together. After that, we go to Tsim Sha Tsui and see the decorations and Christmas lights on large buildings? We take many beautiful photos, Christmas is fun
