Farewell speech

Dear Principal, teachers, parents and fellow classmates,

Six years ago, I left kindergarten and began studying at Island Road Government Primary School. At first, I was excited because I can go to a new school.

First, I'd like to thank Ms. Lok for being patient and thoughtful. Second, I would also like to thank Ms. Lam for telling me to work hard. I have learned to solve problems.

I'm grateful for the things I have learned. Mr Kwong taught me to enjoy teamwork in General Studies. I felt grateful because I learned to listen to other's opinions.

Now it's time to leave primary school and start secondary school. I feel excited and delighted because I can make new friends in the new school.

Finally, I wish you all the best of luck. Thank you.
