## Ocean Park

The weather was hot and sunny. I was at Ocean Park with Sally and Jack. We wanted to watch the dolphin show and went on the roller coaster.

We felt hot and thirsty, so I went out of the queue. Jack wanted to go to the toilet and Sally went to buy the water.

Next, we went on the water ride. Jack and Sally were not tall enough.

Therefore, the person at the ride said that we could not go on the ride.

After that, we went to see the sea animals. We felt excited and saw a lot of sea animals. They were cute. We went home by ferry and bus.

When we got home, we all felt tired but happy. We enjoyed our trip and had a wonderful day. We shared our happiness with our parents. We all hope that we can go there again in the future.
